

Outward Bound®

Thank you for your interest in an Instructors position at the New Zealand Outward Bound® School.

Outward Bound® New Zealand aims to inspire personal and social development through value based experiential learning in an outdoor environment. Our Instructors are integral to the high quality of the courses Outward Bound® New Zealand delivers and the work of an Outward Bound Instructor is both challenging and rewarding.

Instructors are required to work with a wide variety of people, often in challenging situations. Our Instructors must be excellent communicators who are able to convey information clearly and concisely. Previous experience managing and facilitating groups in outdoor environments is an advantage.

Outward Bound® courses involve real-risk activities. Our Instructors need to have well developed outdoor skills and be able to make decisions based on sound judgement and experience.

Please note that Outward Bound New Zealand does not currently offer internships or short-term instructing positions.

All Instructors receive an intensive induction programme before beginning working with students, followed by a period working alongside experienced instructors.

For those applying from overseas:

All successful applicants will need to attend a selection course. Our selection courses are run several months (3 – 6 months) before we have positions available.

Instructors at Outward Bound® New Zealand are contracted full time for a minimum of 3 years (including a training/induction period of 4 – 6 months). The New Zealand Immigration Service imposes a work visa restriction of one year for non-New Zealand residents. For Outward Bound® New Zealand to contract an overseas applicant for longer than 12 months we have to clearly substantiate that your skills and experience are not available in New Zealand. This is becoming increasingly difficult. Those considering working at Outward Bound® New Zealand may want to consider applying for NZ residency and should apply for residency or a long term work permit (without assistance from OBNZ) before applying to work at Outward Bound® New Zealand.

Further information on work visa's and residency conditions contact NZIS at www.immigration.govt.nz

An important aspect of life at Outward Bound® is the wider community. All instructing staff live on site and therefore must have the ability to work with and live alongside their colleagues, partners and families. The average age of instructors is around 30 years old.

Up to 14 potential instructors will be invited to attend a 5-day staff selection course. The staff selection course gives us a chance to get to know you and for you to get an accurate picture of life at Outward Bound®. Staff selection courses are held annually. **The next staff selection course is scheduled for June 5- 9 2010.** Successful applicants will be notified once applications close on **14 May 2010.**

If you wish to proceed with your application, please complete and return the application form and the experience/skills/qualifications summary.

Thank you again for your interest in working at Outward Bound.
