## ABOUT ME

I have been volunteering since I was in Secondary School. I've worked with a number of organisations for a variety of different causes – predominantly in the areas of child welfare and environmental activism. I'm passionate about these areas and if there's anything you need help with I would love to be contacted!

I live in Christchurch and work 4 days a week but I'm open to helping out on my spare day (usually Fridays) but this can be flexible if I give some notice.

In the future I'm hoping to work with some early childhood education centres and schools to build my skill set!
